

We'll show you the way home

 **MONEY ST**
MULTIBANK LOAN CENTRES

Where all the banks come together

We'll show you the way home

At Money St, we understand the difficult decisions people are faced with when arranging a loan. Weighing up all the options and choosing the best lender is confusing and takes time, time you could be spending elsewhere. Wouldn't it be easier if you could visit all the leading banks and lenders under one roof, at your convenience and at no cost? Well, now you can.

Welcome to Money St

At Money St, our unique retail stores provide customers with the convenience of a "multibank" loan approach. Put simply, it's like visiting 12 banks at the same time when arranging almost any type of loan you need. Money St makes it easy for you to compare the major lenders, products, features, fees and charges. We provide state of the art loan software to qualify your loan application with every lender before making a decision. Accessing the latest bank brochures and receiving professional expertise from loan consultants is what our store is all about. At last it's easy to decide which bank and which loan best suits your situation.

| What Does It Cost?

By drawing our fee from the lender, we guarantee that our services are free of charge - we're paid the same amount regardless of the bank or loan you choose. This way you are assured that the information we provide is based on the facts, without any hidden surprises.

| Professional Service

With so many options available, the loan which suits you may not suit someone else. If you're looking to buy a home or just compare existing loan competitiveness, our Loan Consultants will work with you to:

- Qualify your application eligibility with every major lender in Australia before applying
- Compare lender products, fees, charges, repayment options and overall competitiveness
- Select the best lender for the type of loan and criteria you require
- Manage your application from beginning to settlement day

Our Loan Consultants understand that the amount you are eligible to borrow depends not only on the bank you choose, but the way in which your application is presented to the lender. We leave nothing to chance when preparing your loan. Your application is carefully assessed by our credit department before being processed with the lender. This often means the difference between being able to afford the home of your dreams or having to settle for second best.

So before you do any running around, make sure you're dealing with a Money St loan expert.

| Convenience

Often the hardest part of arranging any loan is just finding the time in your busy schedule. Why not let one of our mobile lenders come and see you at your home or office? Our consultants are available in most major areas and are equipped with sophisticated laptop computers, brochures, product information and much more.

To organise an appointment, simply call 02 9331-1513 to arrange your appointment.

| Other Services

Money St is more than just a retail mortgage shop. Our Loan Consultants also offer a broad range of services which includes:

- Organising your 10% deposit using a deposit bond
- Personalised investment property consultations
- Product updates and newsletters
- The best insurance coverage for your property

So make sure you talk to us – We'll show you the way home!
